Safety & Health Policy

JF Technology is committed to adopting the best industrial practices in providing a safe work environment meeting or exceeding applicable legal and other requirements. We are also committed to continual improvement of Occupational Safety and Health performance.

We adhere strongly to the following safety and health principles:

- All injuries and ill-health can be prevented.
- All hazards can be controlled.
- Working safely is a condition of employment.
- Everyone is responsible for safety.
- Everyone will be communicated and trained to work safely

 Dato' Foong Wei Kuong
 Managing Director
 Date: 27th August 2019
