Environmental Policy

JF Technology Berhad is committed to nurture our employees to care and protect our environment. In pursuit of our aspiration, we are dedicated to:

- Comply with applicable environmental legislation, regulations and other requirements
- Nurture and foster employees' and contractors' awareness of environmental issues through training and active information dissemination
- Create a cleaner and greener environment through continuous improvement programs involving energy efficient activities, reduce, reuse and recycle practice
- Consistently monitor, review, continually improve our environmental management practice and enhance environmental performance.

 Dato' Foong Wei Kuong
 Managing Director
 Date: 27th August 2019
